**Re: Site Plan / Demolition Plans**  
**MGM Grand - Springfield**  
**Springfield, MA 01105**

Dear Mr. Williams

The Department of Public Works is in receipt of your submission of the Earthwork Casino Podium Site Demolition plan for the MGM Casino Project in Springfield. The following document has been reviewed:

- Plan set titled Earthwork Casino Podium Site Demolition Plans MGM GRAND - Springfield, Springfield, MA 01105, prepared by Allen & Major Associates, Inc., stamped by Timothy J. Williams, dated March 9, 2016.

The Department of Public Works has reviewed your submissions and has the following comments:

**Site Plan / Development Plans**

- **ABB-2**
  1. For the City of Springfield's records, a copy of the application and permit from the EPA should be provided to the Engineering Office.

- **ME-1**
  2. Along Main St and Howard St, excavation is taking place in the public right of way. Before this work is initiated, it must be ensured that the appropriate permits have been acquired by the proponent from the City of Springfield Engineering office.
  3. If the proponent has relinquished land to the City ROW on Union St as part of the delivery entrance to the parking garage, it must be ensured that the appropriate permits have been acquired by the proponent from the City of Springfield Engineering office for excavation performed in the public ROW on Union St.

At this time the site plan is **approved** for construction provided the conditions of the aforementioned comments are met. Additional review of plans yet to be submitted is anticipated as well.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew J. Sokop". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

**Matthew J. Sokop, P.E.**  
**City Engineer**
